

Introduction to our topic

Is it me or is it hot in here?

This term we are looking at climate change and its global impact. The children will explore the effects of increased greenhouse gases over time since the Ice Age, impacts and solutions linking to the effect on future generations. In addition, they will carry out a variety of different experiments linking to the weather; learn about protests and whether these have a major impact. We will also have an opportunity to think about reducing our own carbon footprint.

Our key learning this term

Personal and social development	That most friendships have ups and downs and that these can often be worked through so that the friendship is repaired or even strengthened and that resorting to violence is never right.
Oracy and Literacy	To know the features of fairy tales. To be able to use these features when rewriting our own version of Snow White, this will be based on the performance at the Tobacco Factory. To create interest for the reader and to consider the audience when writing. Use a range of vocabulary and sentence types. Accurately use speech punctuation in writing.
Problem solving maths	To be able to compare and order fractions decimals and percentages. To answer word problems relating to all 3. To understand capacity.
